

WILLIAM M. JOHNSON

Director

417 Fayette Street, 5th Floor
Baltimore, Maryland 21202

September 2015

Dear City Employee:

Welcome to a new year of giving with the Combined Charity Campaign (CCC).

The CCC is a workplace campaign that is administered to allow city employees to contribute to one or more charitable organizations featured in this year's directory. We are able to make this campaign possible with the help of many: **thousands** of city employees who so generously give year after year, **hundreds** of school and city employees that donate their time as coordinators and loaned executives and the administrative help of the United Way of Central Maryland. Last year we raised nearly \$1 million. To all those who participated: THANK YOU!

This year, we ask that you come together for "One Mission" to become "One Baltimore" by supporting the charitable organizations that help Baltimore. By contributing, you have the ability to directly impact the lives of people in the city that we serve, organizations whose missions provide services to a vulnerable population and a host of causes that may be near and dear to your heart.

Your donation could:

Help students succeed in school

\$60 per pay (\$1,560 a year) helps provide a mentor for a school-aged child in United Way's Family Stability Initiative.

Help families become financially stable

\$20 per pay (\$520 a year) helps one person participate in a GED prep program to advance their career.

Help kids and adults stay healthy

\$10 per pay (\$260/year) helps provide 10 children with healthy meals during the summer months.

Please review this directory and choose the charities you wish to support. You can give online at <http://ccc.baltimorecity.gov>, or by payroll deduction, check or credit card with your pledge card. You can also text CCC2015 to 51555 on your mobile device to give.

There is no gift that is too small and every little bit helps. Remember, together we can accomplish great things.

Sincerely,

William Johnson, Director

Baltimore City Department of Transportation
Chair, Combined Charity Campaign
